

```
1 namespace CustomProject
2 {
3     class Program
4     {
5         public static void Main()
6         {
7             new GameProcessor().Run();
8         }
9     }
10 }
11
```
